Welcome

On behalf of the Health Industry Group Purchasing Association (HIGPA) and the Healthcare Industry Supply Chain Institute (HISCI), we would like to welcome you to the 2009 HIGPA International Expo.

During this time of healthcare reform it is critical to be in-the-know and gain insight on what industry changes will occur in the near future. With featured sessions including the Washington Update, this year’s Expo is guaranteed to feature some of the most prestigious leaders within the supply chain industry and provide you with some face-to-face interaction with the biggest names on the Hill.

New attendees to the Expo event are invited to participate in the First Time Attendee Welcome and Orientation being held on the first day of the conference. During this session, GPO and supplier representatives will provide an overview of the networking opportunities and educational sessions available at the Expo event.

In addition we will be holding the Reverse Tradeshow where GPOs and IDNs have the opportunity to meet with supplier partners. You certainly don’t want to miss the General Session & Dinner with Tucker Carlson & Paul Begala on Thursday evening, where they will deliver a lively debate-style, point-counter-point discussion of the American political scene and hot button issues.

As you can see, we have an action-filled agenda with multiple opportunities for you to increase your network of colleagues, learn firsthand what is going on in Washington, and enjoy a special evening with Carlson and Begala.

Again, welcome and thank you for joining us in Washington.

Sincerely,

Jack Querio

Mike Alkire, MBA, as President of Premier Purchasing Partners, LP, is responsible for comprehensive supply chain services to the Premier alliance of more than 2,200 not-for-profit hospitals. Alliance members purchased more than $33 billion in supplies through Premier contracts last year; in fiscal 2009, Premier members validated supply chain savings of nearly $700 million. Alkire is on the board of GHX and the Health Industry Group Purchasing Association (HIGPA). He has more than 20 years experience in business operations and development at Deloitte & Touche and Cap Gemini Ernst & Young. He holds a Bachelor of Science degree from Indiana State University and an MBA from Indiana University.

Rand Ballard, MBA, serves as Senior Executive Vice President, Chief Operating Officer and Chief Customer Officer for MedAssets, Inc. His responsibilities include developing leadership, training and accountability for all the various functions for MedAssets businesses. Prior to joining MedAssets, Rand’s most recent experience was at Cardinal Healthcare. He was accountable for implementing contracts with subsequent annual sales of $1.6 billion. Mr. Ballard holds an MBA from Pacific Lutheran University with a triple major in finance, operations, and marketing. Rand was a deans’ list undergraduate at the U.S. Military Academy at West Point and holds a Bachelor of Science degree with concentration in nuclear physics, nuclear engineering, and business law. In addition to his position at MedAssets, Rand serves as Chairman of the Board of the Meals on Wheels Association of America Foundation, Chair of Health Industry Group Purchasing Association (HIGPA), and is Vice President of Health Careers Foundation, a non-profit organization addressing the employment needs of our returning veterans, under the Hire Heroes USA program.

Paul Begala is a political analyst and commentator for CNN, a professor at Georgetown University, and a former senior White House aide. Paul Begala applies a blend of quick wit, practical political experience, media analysis and academic expertise to the political and policy landscape. A Counselor to the President in the Clinton White House, Begala helped define the administration’s agenda and strategy, confronting the domestic and international issues the White House faced each day. Outside of his government experience, he is a seasoned political consultant who has advised campaigns in Europe, Latin America, the Caribbean and Africa. He quite literally brings a world of experience to the nation’s long-term political landscape. A frequent columnist, Begala is also author of The New York Times best-selling books Is Our Children Learning? The Case Against George W. Bush as well as Take It Back and Buck Up, Suck Up and Come Back When You Foul Up, both written with James Carville.
John H. Biggers, Jr., Group Vice President, Premier Purchasing Partners, L.P., oversees overall contract strategy development and negotiations for Premier’s Group Purchasing Services. Biggers has more than 18 years of experience in business administration, health care management, physician relations and financial management. Prior to his current position with Premier, he served in an administrative role with Premier Clinical Laboratory and Imaging Services, responsible for contracting strategy and operations. Biggers also formerly served as vice president of corporate business development for Premier, and as team leader for projects focusing on energy services and laboratory services, initiated the creation of two new Premier departments that focused on improved health care system efficiencies in energy consumption and laboratory operations. Prior to Premier’s formation, Biggers was director of corporate accounts for the former SunHealth Alliance, based in Charlotte, NC. His responsibilities included contract negotiations and vertical relationship integration between business partners, Premier and the entire supply chain.

John Burks, is an accomplished executive with a unique understanding of the health care supply chain. During his career, John has led key strategic initiatives in all segments of the health care industry, providers, manufacturers, distributors and GPOs, accomplishing far reaching and complicated objectives. John joined VHA in 1988 as a product manager for surgical products. He also managed all of VHA’s private label business, which historically was one of the single largest sources of revenue for VHA. The VHA private label line exists today as NOVAPLUS™. A most important part of this role was leadership of e-commerce activities (partnership with Neoforma) and his vision for the Marketplace@Novation. As a founding Board Member of the Coalition for Healthcare e-Standards (now part of HIGPA and involving all GPOs), John is an industry driver pushing for the rapid adoption of industry standards. In 2003 John founded his own consulting firm, Burks Healthcare Concepts, focused on business development, national accounts, sales, marketing, strategic relationship development and project management for leading healthcare companies and trade associations. Most recently John led the GPO contracting initiatives for The MED Group, National GPO and business services provider for independent home medical equipment companies, leading them to develop new market initiatives.
Dennis Byer, Senior Director of Supply Chain Data Management and Industry Standards has more than 25 years of experience in the Information Technology arena. Dennis Byer joined Novation in July of 2007. His current role includes managing the SCDM development process as well as representing Novation in global data standards activities. In regards to data standards, Mr. Byer is the current chair of HIGPA/CHeS, the Committee for Healthcare eStandards; was an active member of the oversight committee for HSCSC, the Healthcare Supply Chain Standards Coalition; Co-Chair of the GLN Workgroup for HSCSC; and he is on the Leadership team for GS1 US Healthcare and Chairman of the GLN Steering Committee. Previous to Novation, Mr. Byer was the Vice President of Information Systems for Celtic Life Insurance Company of Chicago, an on-line individual health insurance provider. He was also previously the CIO for Consorta, a competing GPO. He has a bachelor’s degree from the University of Iowa in Iowa City, Iowa, and a master’s degree from Boston College in Chestnut Hill, Massachusetts.

Tucker Carlson is a senior political correspondent for MSNBC and a senior fellow with the Cato Institute, focusing on libertarian philosophy and the American polity. Carlson is a veteran political commentator and journalist, most recently hosting his own nightly program on MSNBC, Tucker. Carlson joined MSNBC in February 2005 from CNN, where he was the youngest anchor in the history of that network. At CNN, he hosted a number of shows, including the network’s political debate program, Crossfire. During the same period, Carlson also hosted a weekly public affairs program on PBS. A longtime writer, Carlson has reported from around the world, including dispatches from Iraq and Lebanon. He has been a columnist for New York magazine and Reader’s Digest. He currently writes for Esquire, the New York Times Magazine, and The Daily Beast. Carlson began his journalism career at the Arkansas Democrat-Gazette newspaper in Little Rock. His first book is entitled, Politicians, Partisans and Parasites: My Adventures in Cable News. In 2006, he competed on ABC’s Dancing with the Stars. His game show, Do You Trust Me?, is under development at CBS.

Mary Agnes Carey is a senior correspondent with Kaiser Health News. She most recently served as associate editor for CQ HealthBeat, a daily report on healthcare policy. She has also served as Capitol Hill Bureau Chief for CQ. Before joining CQ, Ms. Carey covered budget, economics, appropriations and healthcare for Dow Jones Newswires. She spent eight years covering business, politics, labor and defense issues for newspapers in Connecticut and Pennsylvania and she has won awards for investigative, environmental and spot news reporting. Defining our Purpose
The Health Industry Group Purchasing Association's mission is comprised of:

**Advocacy:**
We work collaboratively with all legislative and regulatory authorities to insure fair and efficient procurement practices in an open and competitive market within the health industry.

**Education:**
We provide educational opportunities designed to improve efficiencies in the purchase, sale, and utilization of all goods and services within the health industry.

**Ethics:**
We uphold the ethical conduct of business practices within the industry through standards adopted in a Code of Conduct intended to strengthen the integrity of healthcare delivery.

**Information:**
We enhance the awareness of our members’ efforts to support the delivery of high quality, cost-effective healthcare.

**Liaison:**
We promote meaningful dialogue between health industry organizations engaged in group purchasing and other industry entities on issues of mutual interest.

Our Vision:
Preparation for the Future
As one of the nation’s leading healthcare trade associations, HIGPA strives to have a long-term, positive impact. All of our efforts are focused on realizing our vision for tomorrow. We envision a world in which:

- An open forum exists for the exchange and promotion of best practices in the non-labor cost side of healthcare and for the exploration of complex issues in healthcare cost control. Cost-efficient, high-quality health care is more widely available. Innovative approaches flourish while standards of practice and excellence are maintained in the healthcare products market. Free market dynamics for healthcare products are maintained. Beneficial and legally allowable cooperation is not disrupted by the proprietary interests of industry competitors. HIGPA is an acknowledged national leader in speaking for and shaping the field of healthcare purchasing. HIGPA is a leader in providing educational and networking opportunities to our members.

Our Values
Identifying our guiding principles to accomplish our mission and realize our vision, we adhere to these values:

**Responsibility:**
Our activities focus ultimately on benefiting the patient.

**Responsiveness:**
We actively communicate with our members.

**Quality:**
We provide high-quality products and services to members and other customers that represent a powerful return on their investment of membership dues and fees.

**The Power of Information:**
We take the lead in information collection, analysis, and dissemination and in education aimed at enhancing members’ competitiveness.

**Neutrality:**
We provide a neutral forum for the exploration of healthcare cost issues and of legally acceptable buyer-seller cooperation, integrity, honesty, and credibility.

**Advocacy:**
We take a leadership role in shaping national policy on behalf of its members.

**Fair Competition:**
We contribute to the maintenance of an open, competitive market.

**Innovation:**
We look for product and service development, improvement, and delivery.

**Courage:**
We take positions on sensitive and potentially controversial issues.

**Institutional Leadership:**
We strive to be a model of exemplary practice for other trade.
The Health Industry Group Purchasing Association (HIGPA) has throughout its existence followed a rigorous program of compliance with the Sherman Act and other antitrust statutes. This Policy statement provides a reference for members of HIGPA and others who attend Association functions. All who attend HIGPA meetings should read and understand this statement.

Adherence to the guidelines below will avoid potential violations by individuals, member firms, and HIGPA itself. Violations of the antitrust laws are serious criminal violations, punishable by jail terms and substantial monetary fines, as well as treble damage civil penalties. HIGPA is committed to full compliance with the antitrust laws. The guidelines set forth below have been established by the Board of Directors to prevent any possibility of violation.

I. Subjects Which May Not Be Discussed

Any agreement as to price among competitors is a violation of the Sherman Act, regardless of the reasonableness of the price set or whether the agreement is to raise, lower, peg, or stabilize price levels. It follows that any discussion of price or price levels at Association meetings is not permitted. An Association meeting is any meeting of the Board of Directors or any other group of members convened by the Association to conduct Association business. It does not include trade or vendor exhibits or shows that may be arranged in conjunction with an Association meeting. This includes any discussion of prices of products, supplies, or service. Similarly, there must be no discussion of any elements of company operations, which might influence price, such as:

a) Company costs of operations, supplies, or services;
b) Allowances or discounts;
c) Terms of sale;
d) Margins;
e) Plans of individual companies concerning production, distribution, or marketing of particular products; and
f) Changes in industry production, capacity or inventories, except historical data.

Any agreement not to compete among business firms also violates the antitrust laws. Accordingly, no discussion of division of territories or customers, or limitation on nature of business, may be held at any HIGPA function. Joint refusals to deal (boycotts) are likewise unlawful, and no discussions related to this practice are permitted. Included within this prohibition are any discussions of black lists and any unfavorable reports involving particular suppliers.

II. Meetings

These standards apply to all Board, Executive Committee, committee, and all other meetings sponsored by HIGPA and all meetings attended by HIGPA members in that capacity. The agenda should be strictly followed; there must be no deviations, particularly in so far as subjects described in Item 1, above, might be discussed. During meetings, participants should conduct themselves as though the meeting were open to the public. Minutes of each meeting should be prepared by a designated secretary or staff member, and made available to all in attendance following the meeting.

In the case of HIGPA-sponsored meetings, HIGPA staff or a member of the Executive Committee will be in attendance at all times. HIGPAs Chairman and/or President may direct that legal counsel shall attend certain meetings. Informal meetings between or among competitors can be dangerous from a legal standpoint. HIGPA urges its members to conduct any such meetings in strict adherence to these guidelines. If counsel announces that a particular question, statement or discussion at a meeting borders on an area of antitrust sensitivity, the discussion will end immediately. If anyone in attendance at a HIGPA meeting has a question about whether a discussion is proper or not, the question should be raised immediately and counsel will determine whether the discussion should be terminated. If counsel is not present, the attendee should request the HIGPA Chairman and/or President to end the discussion until legal advice can be obtained; if the discussion is not ended, the participant should leave the meeting. While it is impossible to cover every contingency that might arise, it is essential that all HIGPA members and staff have at least a basic understanding of the Federal Antitrust Laws. These guidelines are offered as part of HIGPAs commitment of maintaining healthy competition necessary to a strong business community.
